

# Kinetic Kite

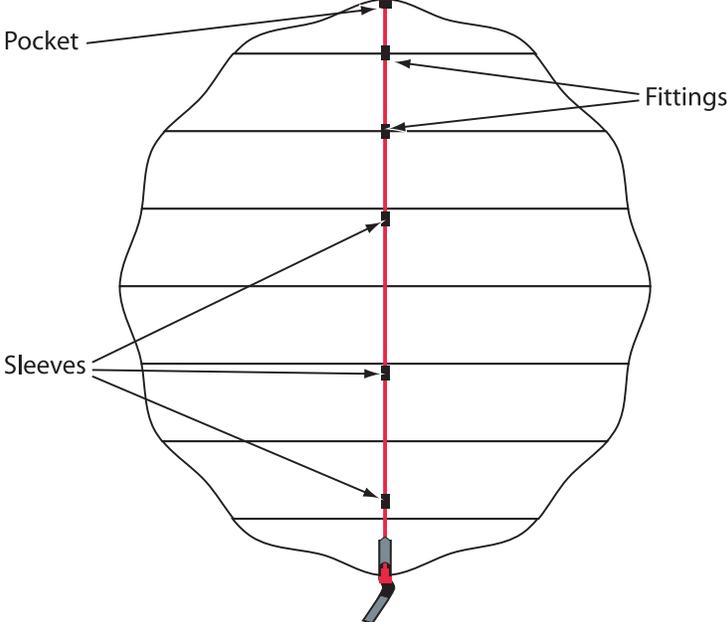

1. Unroll the kite and place face down on a flat surface.

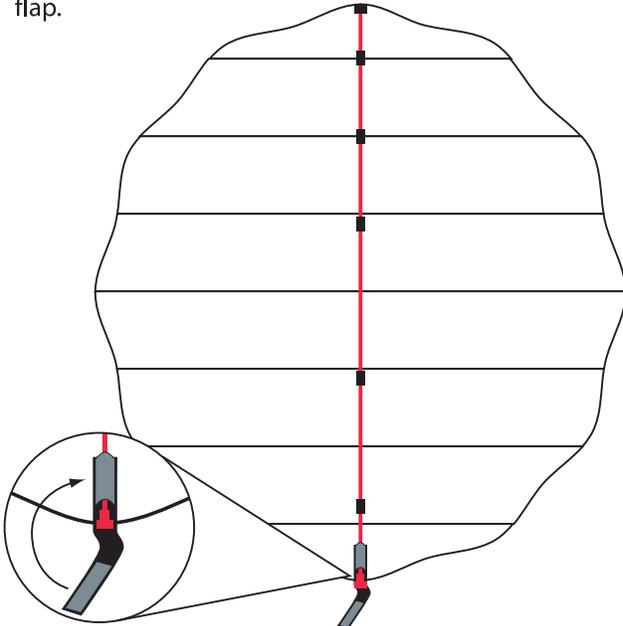

2. Open the velcro flap at the bottom of the kite and insert the bare end of the spar underneath the velcro strip.

3. Push the spar through the sleeves and the fittings. Insert the spar end into the pocket at the top of the sail.

4. Firmly push the spar into the pocket and close the velcro flap.

5. Attach line to bridle and fly!
